

Aion 5.8 – Heart of Frost Patch Notes

Abyss

1. The Divine Fortress has returned.

After Ereshkigal disappeared from Drakenspire Depths, the Divine Fortress was sealed with a frozen barrier. As soon as the Incarna resurrected Ereshkigal, the area around the Divine Fortress began to change. Both Asmodians and Elyos prepared weapons to break through the ice seal and brought their frigates to attack the Divine Fortress.

- The Divine Fortress is located at the Abyss Core in the center of Reshanta. It can be reached by flying.
- The siege works the same as other fortresses. It occurs at 9PM on Saturdays.
- Rewards for the battle are Spinel Medals, Fragmented Spinel and equipment purification materials and are based on participation.

- Added assembly areas for each race at the entrance to the Core. These areas are the only places Coalition Kisks can be placed.

Elyos	Asmodians
Redeemer's Wing Advance Base	Omen's Herald Advance Base

- Holding all three Upper Abyss forts will enable a siege cannon that can be used during the Divine Fortress siege.

- Holding all 5 artifacts in the Core will allow the gate to be destroyed faster.

- Other useful items and NPCs have been added to assist in gate destruction.

- Players cannot fly during the Divine Fortress siege.

✂ Gliding is still possible.
